

LEADERSHIP MUNNABHAI WAY

Why 'Gandhi-giri' worked?

...Gandhism always existed!

But it was **Munnabhai** ...the most unlikely protagonist who re-introduced Gandhi to us...

What was it about Munnabhai that endeared him to us?

Inspiring Leadership

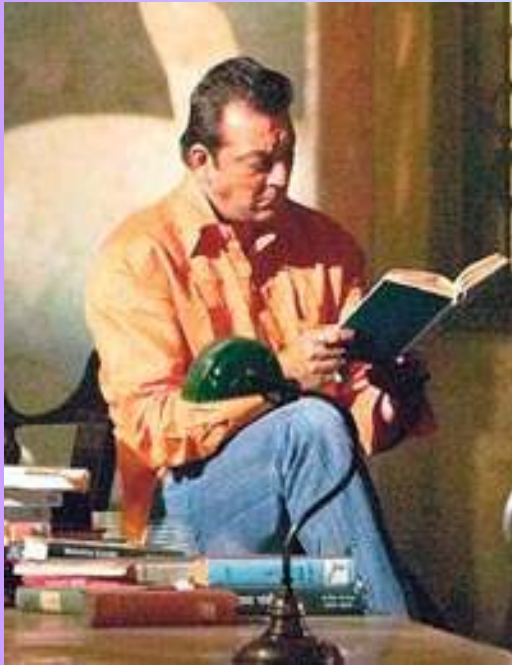

Was able to fully **motivate** Circuit

Could **inspire** him to deliver results!

Inspired fierce **loyalty** too..

Willingness to learn

Was willing to **fully devote himself to learn** all that was necessary for achieving his goal...

...Though he had no prior knowledge or experience on the subject..

No 'Status' hang-ups

He was a 'Respected Bhai'!

But was willing to give up all comforts ...

...for the sake of the cause!

Going beyond the call of Duty

It wasn't his job!

But yet he was always there to help solve other's problems...

.... With a keen feeling of belongingness!

Perseverance & Conviction

Did not give up ...

...despite all odds being against him!

...and people ridiculing what he believed was right

Deploying the Right - Fit

Allocated the **right job** to the **right person**
And **kept each one happy ...!!**

Being a People's Person

He connected to people ...So simply!!

Even to unknown people...

They trusted him...And he never let them down....at any cost !!

Munnabhai's Mantras....

...Inspiring Leadership

...No 'Status' hang -ups

...Deploying the Right - Fit

...Being a People's Person

...Willingness to learn

...Perseverance & Conviction

...Going beyond the call of Duty

If these simple principles brought amazing results for
Munnabhai,

They can sure help us address our challenges???
